SUMMARY STATEMENT:

Dedicated and detail-oriented Cybersecurity Professional with a strong background in network security, Ethical hacking, vulnerability assessment, and incident response. Passionate about safeguarding critical systems and data from cyber threats. Holds industry-recognized certifications including **Google Cybersecurity Certificate, CompTIA Security+ and Ethical Hacking**

EXPIRIENCE

Project Manager at Watty Holdings Pty Ltd

- Successfully managed multiple projects simultaneously by prioritizing tasks according to urgency, resource availability, and alignment with organizational goals.
- Identified plans and resources required to meet project goals and objectives.
- Coordinated with cross-functional teams to resolve project issues and mitigate risks.
- Managed risk assessments and implemented mitigation strategies to minimize potential issues during project execution. Developed comprehensive project plans with clear timelines, milestones, and budget requirements, ensuring timely delivery of high-quality results.

ACCOMPLISHMENTS

- Mastercard Cybersecurity virtual experience program on Forge - July 2024:
Completed a job simulation where I served as an analyst on Mastercard's Security Awareness Team. Helped identify and report security threats such as phishing. Analyzed and identified which areas of the business needed more robust security training and implemented training courses and procedures for those teams
- PwC Switzerland Cybersecurity Job Simulation on Forge - July 2024:
Completed a job simulation involving cybersecurity for PwC Digital Intelligence, gaining experience in understanding and explaining the concept of integrated defense. Developed expertise in integrated defense strategies and their application in real-world scenarios. Conducted risk assessments and formulated security recommendations for a client. Demonstrated proficiency in network segmentation and firewall configuration.
